Medicaid patients are only billed the indicated charges.

Only one base rate charge shall be applied to each account.

Base rate and mileage charges shall be applied in accordance with guidelines established by the Center for Medicare & Medicaid Services.

Covington Fire Department instructs its billing agent(s) to assign/adjust off all amounts as permitted or required by Federal and State law and applicable payment policy.

Unless determined Dead on Scene, patients that are not transported are only billed the Treatment / No Transport fee if an intervention is performed, or a patient assessment is performed. A patient assessment requires documentation of at least two vital signs (pulse, respirations, blood pressure, etc).

Advanced Life Support, Level 1 (ALS1) Definition: Advanced life support, level 1 (ALS1) is the transportation by ground ambulance vehicle and the provision of medically necessary supplies and services including the provision of an ALS assessment or at least one ALS intervention.

Advanced Life Support, Level 2 (ALS2) Definition: Advanced life support, level 2 (ALS2) is the transportation by ground ambulance vehicle and the provision of medically necessary supplies and services including (1) at least three separate administrations of one or more medications by intravenous push/bolus or by continuous infusion (excluding crystalloid fluids) or (2) ground ambulance transport, medically necessary supplies and services, and the provision of at least one of the ALS2 procedures listed below: a. Manual defibrillation/cardioversion; b. Endotracheal intubation; c. Central venous line; d. Cardiac pacing; e. Chest decompression; f. Surgical airway; or g. Intraosseous line.
